

# Anja Nedoluzhko

- Leading the annotation group that annotates the extended textual coreference and bridging anaphora on PDT 2.0
  - Extended textual coreference (*Helen – my daughter – Helen - the girl*)
  - Bridging anaphora (*finger – hand – body*)

At the moment over 80% of PDT is manually annotated.
- Finishing guidelines for coreference & bridging annotation
- Preparing the English version of a brief version of guidelines
- Defence of Ph.D. thesis “EXTENDED NOMINAL COREFERENCE AND BRIDGING ANAPHORA (An approach to annotation of Czech data in the Prague Dependency Treebank)” (9.9.2010); editing the Thesis
- Future planning = a baby + linguistic analysis of the annotated data
