...

Any many more (please check their webpage)

Applied CL Discourse Research Lab

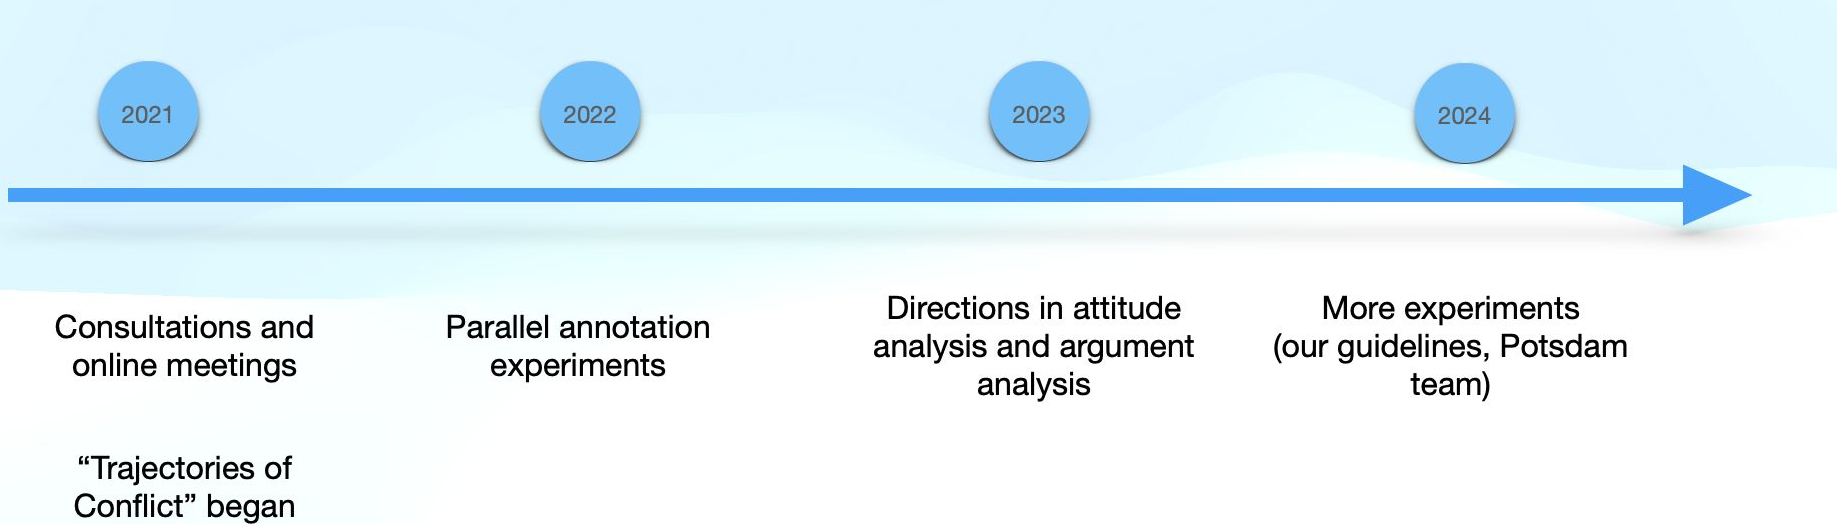

Current research topics:

- **Argumentation mining**
- **Coreference resolution**
- **Discourse structure and parsing**
- **Social media processing**
- **Climate change discourses (probing)**

Our cooperation with the Applied CL Discourse Research Lab

Timeline

Activities during the stay:

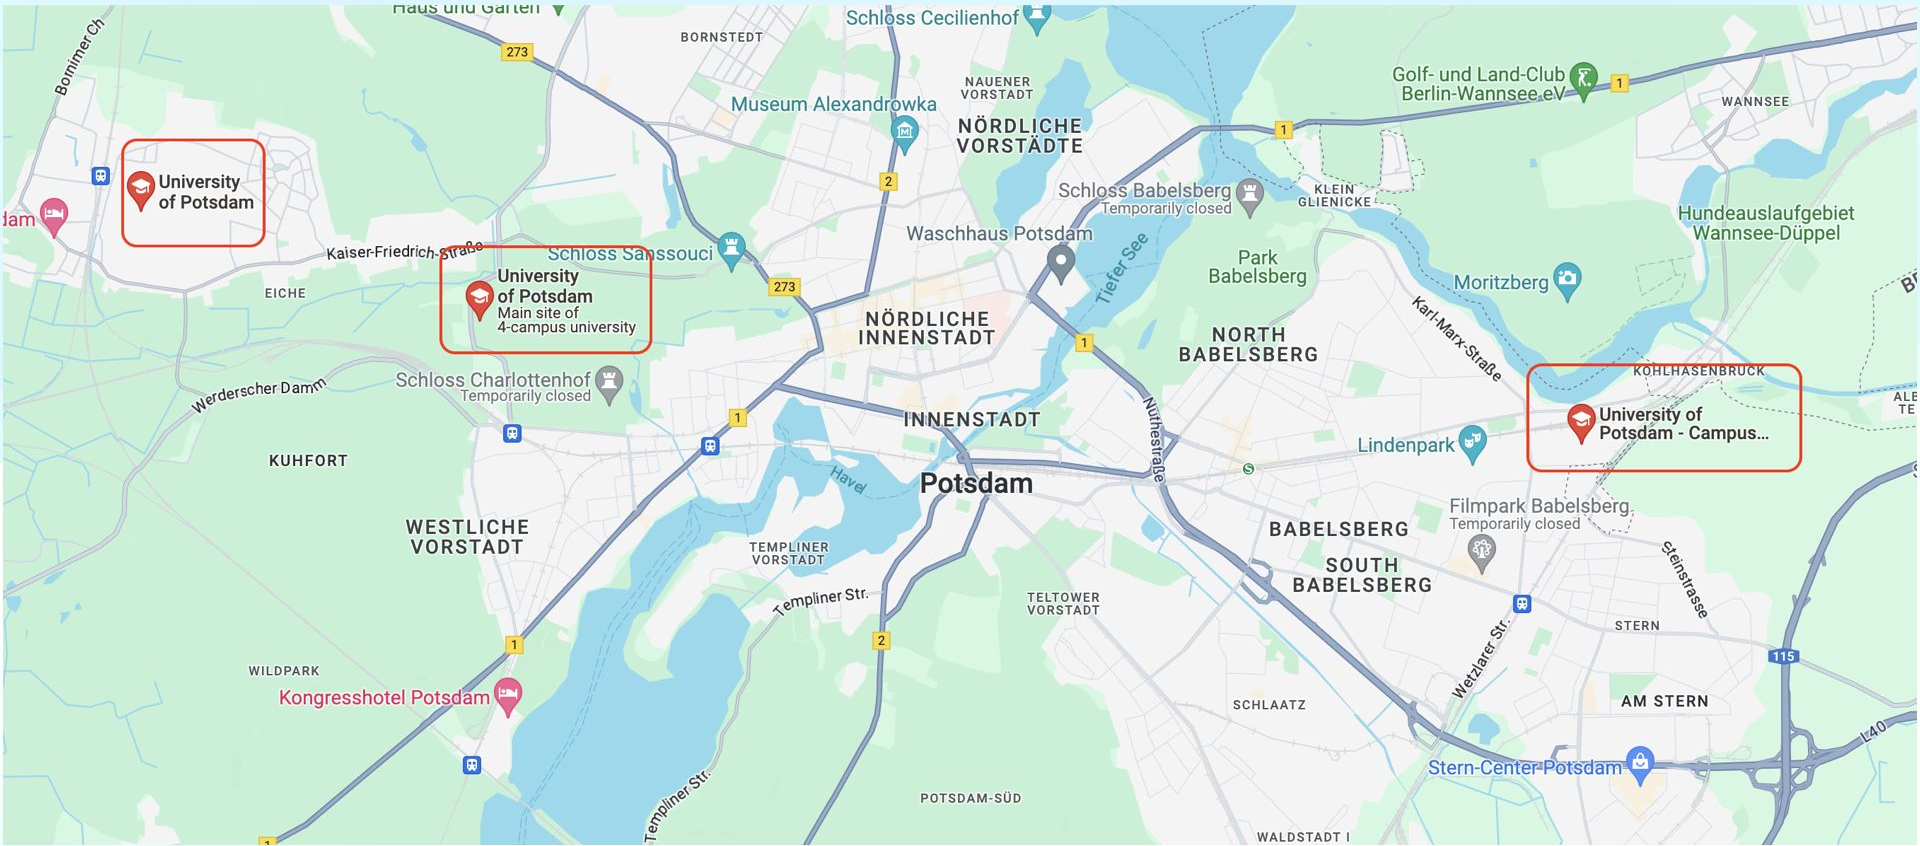

1. Consultations:

- subjectivity and factuality;
- argumentation structure, parsing and analysis;

2. Cooperation on the ongoing papers (LREC, EACL);

3. Exchange of annotated materials and guidelines;

4. A presentation at the Lab's monthly meeting: introduction to the Appraisal theory and attitude analysis in diplomatic discourse.
